Emdeon Claim Vision for Partners

Improve customer service and reduce expenses

Emdeon Claim Vision for Partners is a web-based application that gives you powerful visibility into your client's electronic claims filing process. Claim Vision allows you to easily perform claim searches, quickly verify a claim's status and securely control customer access.

Resolve claim inquiries

Emdeon Claim Vision provides your customer service staff with an end-to-end view into all claims from the point of submission to Emdeon through final delivery. Claim Vision can also identify the disposition of the claim throughout the process. The powerful search capabilities within Claim Vision can quickly locate a claim and determine its status with user-defined search criteria. Your staff has the option of performing broad searches with single criteria or more targeted searches with a combination of criteria, including:

- Submitting provider organization
- Combination of provider and insured information
- Insured ID
- Insured Name
- Date of Service
- Date of Submission
- And more

At Emdeon, we're here to help. To transform the way you run your healthcare business today, call us at **877.EMDEON.6 (877.363.3666)** for a complimentary review.
